ABOUT THE DR. PREM REDDY FAMILY FOUNDATION

The Dr. Prem Reddy Family Foundation has donated millions to charities supporting healthcare and education - locally, nationally and globally. On a local level, millions of dollars have gone towards educational grants, scholarships and building libraries. National causes include supporting free community clinics and causes such as the March of Dimes. On a global level, the foundation supports Samaritan's Purse by donating equipment used in clinics across poverty-stricken regions around the world. The foundation also funds clean water initiatives, childhood vaccination programs, educational grants, new medical clinics and medical missions to treat blindness with free cataract removal surgeries or pediatric congenital heart defects.

The Dr. Prem Reddy Family Foundation has awarded more than \$1.5 million in academic scholarships since 1994.

The Dr. Prem Reddy Family Foundation Scholarship Program was created to reward students who have achieved academic excellence while also participating in school and community services. We are honored to support your dreams, your future in healthcare, and most importantly your commitment to giving.
